

National Aeronautics and Space Administration

NASA and the University of Maryland invite you to participate in a unique day of activities, discussions, and exhibitry.

## **NASA's 2011 Future Forum**

SAVE THE DATE!

**Coming to the University of Maryland, College Park  
Riggs Alumni Center  
Thursday, August 11, 2011**

Through NASA, America Continues to Dream Big: NASA's future aeronautics, science and exploration missions are grand in scope and bold in stature. These future missions require investments in innovative technology, science and education today.

Join NASA leadership, technologists, scientists, and engineers along with local business, science, technology, and education leaders as they discuss the future role of NASA in further advancing innovation, technology, science, engineering, education and the economy that benefits your community and the nation.

The Program will feature panel discussions on Innovation, Discovery, National Benefits, and Education, and will feature key speakers from NASA, including:

Dr. Robert Braun, NASA Chief Technologist,

Dr. Waleed Abdalati, NASA Chief Scientist, and

Leland Melvin, Astronaut and NASA Associate Administrator for Education

We anticipate convening 3-4 additional Forums—geographically spread across the US where you can attend one near you.

The registration deadline is Friday, August 5, 2011. Seating is limited, please register early. Registration via this website is strongly encouraged. Register online and for more information visit:
